

What is S.T.U.A.R.T?

S.T.U.A.R.T. is an easy-to-use prescription tracking and management software.

We aim to streamline the prescription collection and payment system, making the whole process stress free for all patients.

How it Works

STEP 1

Create an account and input the prescription information you receive from your doctor

STEP 2

Make requests for repeat prescriptions

STEP 3

Get notified when your prescriptions are ready to collect from your pharmacy

Why use S.T.U.A.R.T?

We work with private healthcare companies and pharmacies across Scotland to ensure that your prescriptions are well managed and easy to track.

This allows you to stay on top of your prescriptions and enables you to collect them as soon as possible

The Facts

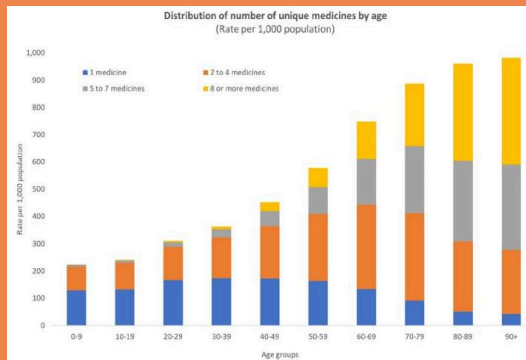

Figure 2: Distribution of number of unique medicines by age (rate per 1,000 population).

In 2016, an NHS study showed that 48% of adults had taken a prescribed medicine in the past week, with 24% taking 3 or more.

In 2025, the NHS issued nearly 118 million prescriptions
